15 Years of Concept Caravans

August 2019 marks 15 years of manufacturing caravans and proud moment for Concept Caravans. In just 15 years, Concept Caravans have gained an enviable reputation in the industry and market, for building stylish caravans with unsurpassed build standards.

Concept Caravans was established in 2004 by Bruno Caruso, Keir Smith and Steve Caruso. The company's directors share over 70 years of experience in the caravan industry.

Their skill and knowledge of the industry and market combined with their ingenuity, has been the hall mark of the growth of the company and brand, making it one of Australia's leading caravan companies.

Committed to the future growth of the company and industry, the directors have invested in technology and product development throughout the 15 years. They have established six state of the art manufacturing factories to ensure that the reputation for build quality and design innovation remains unsurpassed. As expressed by one of them... "We are passionate about design and construction and we work closely with our designers and suppliers to ensure that our customers first to enjoy the benefits of innovations and technology in our caravans."

To celebrate this 15 year milestone the company have released an Anniversary Model to complement and enshrine the very first model released, the Ascot. The Ascot continues to headline, being the trend-setter for the Concept Range. The Ascot Anniversary Model is unique to the current line up, with an array of features that are sought after by customers.

"The 15 Year Ascot Anniversary Van the 'Ascot 15A'. A collectors' model in the making".
